Or Take a Course of Coloma Treatment.

## WANTED TO SEE HIS SICK GIRL

But Business Men of Coloma Said He Must Get Out of Town in Five Minutes.

Coloma, Mich., June 12.—D. M. Cosier, a barber, left his wife here some time ago and went to parts unknown, it is alleged, with a young lady of Coloma. He has lately been at Kalamazoo, and his wife was there this week and a scene was the result. Mrs. Cosier returned home Wednesday, and Cosier put in his appearance with a brother this morning, driving home from Union City. He drove around the back streets to his father-in-law's home, and as he was alighting to enter about seventy-five business men of the town and others met him, gave him the privilege of leaving town in five minutes or taking a coat of tar and feathers. He went. He has a fine young wife and a lovely little girl. Opinion is running high, and should he return he will either be ducked in the lake or get a coat of tar and feathers. His little girl is quite sick, and Cosier, learning of this, came here to see her.

We receive about 100 complaints a day from people who are growing wild that the garbage is not taken away from their premises."

## Around the State.

Henry Winfield of Detroit who is a carriage maker, recently sent a wagon to Albert O. Smith to be lettered. In spelling the word "vessel" on the side of the wagon an extra "l" was supplied. Winfield remonstrated with Smith on his orthography, and had some words over paying the bill on that account, whereupon Smith hit out from the shoulder and his fist landed in Winfield's eye. The latter said he was "horrid," and as he thinks a permanent scar will result he sues Smith for \$3,000 damages.

## Way Of Color.

The hue of health! Who can mistake it. The white brow, the deepened tint of the cheek, these associated with brightness and animation of the eye, a cheery expression of the countenance, are infallible indices that the liver is performing its functions actively, and that consequently digestion and the bowels are unobstructed. If, however, the complexion and eyes have a sallow tint, or the face is drawn and void of brightness and animation, the bilious gland is almost certainly out of order. Rectify the difficulty speedily, thoroughly, with the permanent antibilious specific, Koster's Stomach Bitters, which promptly remedies not only the above outward and visible signs of biliousness, but also the sick headache, constipation, vertigo, flatulency, the tongue, nausea, sour breath and pains through the right side which characterize it. The liver is always seriously involved in malaria, for which the Bitters is a sovereign specific. This medicine remedies with equal promptness and completeness, kidney complaint, dyspepsia, rheumatism and nervousness.

## STOMACH TROUBLES CURED.

DOUGLASS, Mich., April 18, 1892.

DR. S. CLAY TODD, Grand Rapids, Mich.:

Dear Sir—I visited you the 28th of last December for stomach trouble, and am pleased to say I have not felt anything of the dreadful distress since January. I don't know if any of our neighbors have written to you, but they said they were going to; but I feel thankful that I saw your advertisement and got medicine of you, as I have not felt so well for years; wishing you success, and excuse me for not telling you how I was before this, as I told you I would, I remain yours respectfully.

MRS. JOHN FLAGG.

For Many Years Dr. Todd  
Has Cured Consumption.

FORT WAYNE, Ind., Sept. 17, 1892.

For the benefit of those who think consumption incurable, I will make a statement of my cure. On the 21st of last March I was taken with the lung fever, or as the doctors called it pleuro-pneumonia. I was attended by one whom I had considered the most eminent physician of this city for three months and a half, during which time he employed every other physician as counsel. For about three weeks I thought I was getting better, when all at once I began to feel in my left lung, and the physicians pronounced it quick consumption. From this time I called cry help and raised a pint to a quart of phlegm and mucus each day and had night sweats. By the 29th of June I had gotten so weak that I could not lift a glass of water to my mouth, and was confined to my bed; was reduced to a skeleton excepting legs and feet, which were greatly emaciated. At this time my wife seeing Dr. S. Clay Todd's circular, employed him, and I am free to say I improved steadily from the time I commenced taking his medicines. In three days the sweating had gone out of my limbs, and in three weeks I was able to be up and walked out doors a little, and in ten weeks I was able to walk two miles, and I felt as well as I ever did. Now I walk from three to four miles each day, and neither cough or spit. I have no pain and think my lungs healed perfectly.

JOHN A. MILLER,  
222 W. Crichton avenue, Fort Wayne, Ind.

Mr. Miller now weighs 175 pounds. Mr. Miller is over 70 years old. Mr. Miller was cured 18 years ago. This shows that consumption can be permanently cured by Dr. S. Clay Todd. People are going between here and Fort Wayne everyday. Get some friends to call on Mr. Miller and learn the particulars of his cure. It was the talk of the town for months.

## TERRIBLE BACKACHE CURED

I had a terrible steady backache for four years without any let up at all; sometimes I could hardly straighten up. Could not ride in a wagon on account of the greater pain from the jar of the wagon, and have walked rather than ride. I have been under the treatment of Dr. S. CLAY TODD, 16 North Division street, Grand Rapids, Mich., ten days and yesterday I rode 25 miles and into miles today in a wagon without pain at all—the first time for four years. I would cheerfully recommend Dr. Todd to those who have great pains in their back.

That cough, slight fever and weakness, shortness of breath, palpitation of heart, my means sure and quick consumption.

If you are nervous, restless, irritable, sleepless or wake after horrid dreams, tired mornings, with a dull headache, bad taste in the mouth, sometimes discharges, and so about your employment without life, energy or ambition, desire to be alone, gloomy forebodings, a disposition to worry and fret about trouble ahead that never comes, spells of feeling afraid or uncertain, sometimes low spirits, you are suffering from nervous debility and exhaustion of nerve power, which may end in utter prostration, insanity and death.

If you have a great sense of weakness and weariness, with tired limbs, numbness, trembling, prickly sensations, cold feet and legs, you are advancing to that most serious disease—Paralysis. If your head aches, feel numb and tired, with strange sensations, loss of memory, and you think with difficulty or you are sleepless at night, with drowsiness and dullness during the day, the nerve and brain fatigue may soon run into insanity or death.
